### Balmoral Inline Swan Lever Lever

#### Ordering Details

##### Product

**Balmoral Inline Swan Lever Lever**

##### Finish

##### Part No.

##### Right Hand

##### Left Hand

Hardex Chrome	1D201	1D251
Hardex Bronze	1D203	1D253
Hardex Gold	1D205	1D255
Hardex Graphite	1D208	1D258
Antique Black	1D206	1D256
White	1D200	1D250
Black	1D209	1D259

#### Technical Information

##### Corrosion resistance

Meets the requirements of BS EN 1670:2007 Grade 5 (480 hours)

##### Operation

Endurance tested in excess of 200,000 cycles

##### Performance

Tested to meet the requirements of PAS 24 as part of a compliant door set

#### Material Specification

Cylinder:	Euro Cylinder, 92mm PZ

#### Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

#### Packaging

##### Handles

Individually bagged with screws, spindle and care instructions.  
15 handles in an outer box.

Swan Neck Handling

All dimensions are in mm and are nominal.  
Fab&Fix reserves the right to change specification without notice.  
It is the responsibility of the door manufacturer to ensure that the finished product meets any required safety and performance specification.
