Midrail version includes 2 x M5 x 45mm machine screws, 2 x M5 x 63mm machine screw, 2 x M5 x 74mm machine screws and 2 screw guides Panel version includes 2 x M5 x 28mm machine screws and 2 screw guides

### Material Specification

Frame and Flap: High quality Zinc

Coatings: Hardex Chrome, Hardex Bronze, Hardex Gold, Hardex Graphite, Hardex Pewter, Hardex Rose, Antique Black, Anthracite Grey, Premium Satin, White, Black and Silver.

### Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

Panel Sleeve Set  
20mm-40mm

Midrail Sleeve Set  
40mm-80mm

Fixing Screws Provided

All dimensions are in mm and are nominal.  
Fab&Fix reserves the right to change specification without notice.  
It is the responsibility of the door manufacturer to ensure that the finished product meets any required safety and performance specification.
