Technical Information

Corrosion resistance

Meets the requirements of BS EN 1670:2007 Grade 5 (480 hours)

Operation

Endurance tested in excess of 25,000 cycles

Performance

Tested to meet the requirements of PAS 24 as part of a compliant window

Material Specification

Handle Grip and Backplate: High quality Zinc for all Hardex finishes and Antique Black.
High quality Aluminium for White, Anthracite Grey, Premium Satin, Black and Silver finishes

Coatings: Hardex Chrome, Hardex Bronze, Hardex Gold, Hardex Graphite, Hardex Rose, Antique Black, Premium Satin, Anthracite Grey, White, Black and Silver

Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.
