| Material Specification | |
| Stay Bar and Plates: | High quality Zinc for all finishes |
| Coatings: | Hardex Chrome, Bronze, Gold, Antique Black, White and Black. |

| Maintenance |
|--|
| For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants. |

| Packaging |
|---|
| Stay Bars Individually bagged with screws and care instructions. 40 stay bars in an outer box. |
