

Bolts and Thumbturns

Door Security Bolt

Splined Key

Thumbturn

Hinge Bolts

Features

Door Security Bolt

- Offers concealed security for all internal and external doors

Splined Key

- Separate Splined zinc plated steel key locks and unlocks the bolt from one side only

Thumbturn

- Permanently fixed to the door and used in conjunction with a door security bolt.
- Easily located in the event of a fire and allows privacy when used on internal doors
- Suitable as a security measure for cupboards and internal doors
- Available individually as a replacement for a key where a security bolt is already fitted

Hingebolts

- Offers added security on external doors with exposed hinges, helping to prevent doors being forced off their hinges
- Suitable for all wooden internal and external doors. Essential for all outward opening doors
- Manufactured from hardened steel to resist hacksawing
