

Security Euro Cylinder Pull and Escutcheon

Features

- **Stylish security cylinder pull and escutcheon**
For use with a Euro profile cylinder
- **Designed to provide an easy method of closing the door upon exit**
Used to pull the door close from the outside easily
- **Solid cylinder protection**
Design of the cylinder pull protects the external cylinder behind the pull preventing cylinder snapping and extraction
- **Internal rounded escutcheon slides easily onto the fixing plate**
Finishes the door internally
- **All parts for a door included within one package**
Supplied as a pair external cylinder pull and internal escutcheon boxed together with screws for 42-48mm doors (screw pack available for 70mm doors)
- **Designed for Composite, Timber and PVCu doors**
To suit all door materials
- **Available in the complete range of Hardex finishes**
Perfectly matching to the full Fab&Fix range of products
- **Through fixing**
Easily retro-fittable and suitable for all locking mechanisms. Screw centres perfectly align with key wind up, Heritage and Slam Shut door locking systems
- **Secure**
High tensile M6 screws for high security performance. Meets the requirements of PAS24 as part of a compliant doorset and tested to meet TS007

Material Specification

Cylinder Pull: High quality Zinc

Escutcheon: High quality Zinc

Coatings: Hardex Chrome, Hardex Bronze, Hardex Gold, Hardex Graphite, Hardex Rose, Antique Black, Black and White

Maintenance

For continued protection of the quality finish and appearance, we advise routine cleaning of all our external hardware. We recommend wiping it with a clean cloth soaked in warm water and mild detergent every month. Please refrain from using heavy-duty cleaners, containing Chlorine or Potassium. Moving parts should also be lightly lubricated using a light non-acidic mineral oil (e.g., "3 in 1") at least twice per year. The product may need to be adjusted and fixings tightened to ensure a satisfactory operation. This procedure is particularly essential if products are used within a 25-mile radius of coastal areas or close proximity to building sites or large industrial areas, where more frequent cleaning may be required to prevent the accumulation of corrosive contaminants.

Packaging

Security Euro Cylinder Pull and Escutcheon

Individually boxed with screws.
20 per box.

All dimensions are in mm and are nominal.

Fab&Fix reserves the right to change specification without notice
It is the responsibility of the door manufacturer to ensure that the finished product meets any required safety and performance specification.
