

TS 003 Door Chain and Door Restrictor

TS 003 Timber/PVCu Door Chain

TS 003 Door Restrictor

Features

- A choice of TS 003 certified solutions for additional door security, designed to limit the initial opening of the door for safety. Independently tested to conform to the latest industry standards, to ensure the door is protected against extreme and repeated force or abuse. In abuse mode, the heavy-duty door chain and door restrictor, exceed breaking forces of 100N
- Offers visible security when the door is opened and peace of mind that the occupier can safely open their door for an initial conversation, without giving unwanted access. Identification can be checked and authenticated, with either device securely in place, before allowing entry. Ideal to prevent distraction burglary and other forms of unwanted forced entry at the doorstep

Door Chain

- Offers visible security, allowing conversation without giving unwanted access to visitors
- Suitable for fitting to new or existing; timber, solid core composite or PVCu doors. Available in the patented Fab&Fix Hardex Gold, Hardex Chrome, Hardex Bronze and Hardex Satin.

Door Restrictor

- Designed to limit door opening prior to allowing entrance to visitors
- Easily applied and released when door is closed. Suitable for the elderly or vulnerable in society that may have movement issues, that prevent them using a standard door chain
- Suitable for fitting to new or existing timber doors. Available in the patented Fab&Fix Hardex Gold, Hardex Chrome and Hardex Graphite.
