Digital Door Lock

Features

- Designed for easy access control and is suitable for a range of applications
- The lock can be unlocked from the outside through the correct input of the user code, which can be easily changed
- Keyless operation - no keys to lose. Keyed options are also available
- Automatically locks on the spring latch bolt
- Vandal proof outer knob for added security
- Suitable for left or right handed fitting
- Over 5,500 codes to choose from to provide greater security
- Suitable for internal and external applications
- Passage function so the door can be opened using just the handle when restricted access is not required
- Suitable for door thickness 35-50mm
- Maximum 7 digit code, minimum 1 digit
- Deadlocking latch bolt
