

Double Locking Nightlatch

Features

- The **Double Locking Nightlatch** is designed to replace most existing front door locks
- Ideally suited for solid and glass panelled wooden doors
- Designed with an ergonomic internal locking handle offering added security against forced entry
- The main lock bolt is automatically deadlocked when the door is closed, preventing the main bolt being retracted by a credit card
- The inside handle can be deadlocked by an anti-clockwise turn of the key from the inside so securing the lock against forced entry
- The bolt can be held in the withdrawn position (only) with the use of the snib feature
- Available in 40mm and 60mm backsets
- Brass, Grey, Satin Chrome, Polished Chrome and Satin Nickel finishes available

Double Locking Nightlatch
